DETAILED ACTION

1. The amendment filed 11/16/04 has been entered. Claims 20, 28 and 37 have been canceled. Claims 16-19, 21-27, 29-36 and 38-40 are pending in the application.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Objections

3. Claim 25 is objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim should refer to other claims in the alternative only. See MPEP § 608.01(n). Accordingly, the claim has not been further treated on the merits.

Claim Rejections - 35 USC § 112

4. Claim 27 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 27 recites the limitation "the said structure" in line 4. There is insufficient antecedent basis for this limitation in the claim.
5. Claim 35 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 35 recites the limitation "the multi-layer structure of claim 20" in lines 1-2. There is insufficient antecedent basis for this limitation in the claim considering claim 20 has been cancelled.

Claim Rejections - 35 USC § 103

6. Claim 27 is rejected under 35 U.S.C. 103(a) as being unpatentable over Trouilhet for the reasons generally recited in the prior office action wherein the metal layer may be aluminum.

Art Unit: 1773

Allowable Subject Matter

7. Claims 16-19, 21-24, 26, 29-34, 36 and 38-40 are allowed. The following is a statement of reasons for the indication of allowable subject matter: the closest prior art, Trouilhet does not teach or render obvious a multilayer lid structure comprising a binder layer having the instantly claimed composition as recited in Claim 16 or a composition as recited in Claims 38 and 40 wherein the copolymer is a copolymer of ethylene, carboxylic acid esters, vinyl esters and dienes.

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

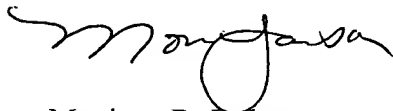

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
